Don Bosco Educational Trust

Our Inspiration

John Bosco, the father and friend of youth was born on August 16, 1815 in a peasant family in little hamlet of Becchi, 20 kilometers from Turin, Italy. When John was only two years old his father Francis Bosco passed away. His grief stricken mother, Margaret Occiena Bosco had a harrowing time bringing him up.

To complete his education John had to do his share of work in the family farm and study during his spare time. Working as a servant, teaching, assisting a tailor, doing chores of a blacksmith and keeping score at a billiard table were some of the work that he did in order to pay for his food, lodging and tuition while at school.

In due course John entered the seminary and was ordained a priest on June 5, 1841. From there on he was known as Don Bosco (Father Bosco).

Don Bosco's work for children started with one boy, a mason apprentice. Soon this boy brought others and the number of Don Bosco friends multiplied.

Don Bosco called his method of education as the preventive system based on Reason, Religion and Kindness. He told his disciples that education was to be based on love, on selfless service for mental, emotional, moral and spiritual growth of an individual.

His passion for excellence in education and love for children made the name DON BOSCO an exceptional name in education industry.

Don Bosco is a name that has stood the test of times in the field of education. Today each and every individual relates Don Bosco towards education and that is where we feel proud about the factor. We feel that the new generation should be able to grow better and do better in all aspects of time.

Dr. Koshy Vaidyan

An envisioned leader and achiever par excellence, Dr. Koshy Vaidyan is the driving force behind the inception of Don Bosco High School, Siwan way back in 1992.

- Awarded honorary Doctorate by Commonwealth University in Singapore.
- Honoured “Icon of Bihar” by Dainik Jagaran for his exemplary work in the education sector.
- Awarded ‘Excellence in Education’ by ERDA

Our Founder

Don Bosco stands tall with a legacy of more than 25 years as an educational group. This is a result of a promising dream and great vision. The school is a beacon reflective of its vision of seeing every child as a responsible, confident, and valued citizen of the world. Our quest to provide enriching and holistic development is reflected through our qualitative programmes.

In this endeavour, we arouse curiosity amongst our students and unlock their hidden talents by educating, enlightening, and empowering them. We realize that education needs to attune to the ever-changing world affairs. The world is moving at a fast pace and we must prepare our students to face the challenges that lie ahead. Therefore, at Don Bosco, we engage our students not only through a well-designed curriculum, but also with a mental, physical, and emotional programme.

Don Bosco strives to design an impeccable future for every student by making learning fun and enriching.

Yours Sincerely,
Dr. Koshy Vaidyan
Founder

Vision

To become the most progressive school in state.

Mission

- Develop Socially Responsible Citizens by teaching to treat people, places and things with Kindness.
- Enable students to become innovative, self-driven and self-sustainable through entrepreneur mindset development.
- Provide quality education through technology solutions for life-long learning.

Why choose Don Bosco?

- A complete Holistic Curriculum in collaboration with a leading educational company.
- Great teachers from different cultural background who love to teach.
- An inspiring Alumni Association.
- Planned Curriculum Implementation through technology
- Active involvement of children in drama, music and art through school clubs and competitions.
- Sports focused campus with exclusive sports facilities like Lawn Tennis, Table Tennis and Cricket.
- Organized sports curriculum in association with a reputed sports company.
- Personality Development and Career Guidance for Senior Secondary Students.
- Social and community activities by students.
- Active Parent Teacher Association.
- Orientation Program for New Students and Parents to adapt to school environment.

Values

Curiosity

True knowledge does not occur without curiosity. Students are empowered to ask questions about the world around them and to explore possible answers.

Creativity

The child should be able to apply innovative methods to solve problems. Creativity is an ability to think out of the box and applying a solution for a given problem. Each student shall think creatively in different aspects of learning to achieve excellence.

Compassion

A feeling that arises when you are confronted with others suffering and feel motivated to relieve that suffering. The students should feel the need to help others when in trouble and sense the pain that others go through in distress.

Collaboration

Learning is a democratic process that is enhanced through sharing of different perspective and life experience. The student must have a collective sense of accomplishment and ownership. Collaboration results in a product that has a deeper perfection.

The Brand

Don Bosco is The brand made by the masses when they choose it to be their ideology towards a product or service. Don Bosco is name that is associated to education since decades and the first thing that anyone would associate it to is education. So here we are doing what we do the best.

Caliber

The result of every effort in the institute should be high caliber students who have unlimited potential in all areas of academics. Each school should focus on high caliber students as an outcome for all the academic inputs made by its team.

The Bosco Curriculum™

Our Curriculum Framework is known as "The Bosco Curriculum" and it is majorly focused in two categories. Primary - Kindergarten (Lower & Upper) and Junior [Foundation Years] (Class I - Class V)

Primary

Don Bosco aims to transform education in school by integrating all learning and teaching tools in a well-designed and scientific manner. For this the school is associated with the most effective learning program to provide the best to children.

It is a whole-school academic partnership program that improves students' cognitive skills by continuously partnering with everyone involved in the learning process: teachers, school leaders, parents, and most importantly - students.

Learning@Home

In the crisis, of this massive lockdown, schools have been ordered to find ways for carrying out the methods of imparting education without physical involvement in the class. Don Bosco School has taken the learning@ home concept a step farther by enhancing the virtual modes of teaching through:

- Google Classroom
- Google Meet
- Google Forms
- Audio-video live sessions
- Mindmaps
- Quiz and interactions
- Online worksheets

With this paraphernalia, this prestigious school has never compromised the teaching of its students for it holds the motto of learning with excellence as a part of the school's impeccable feature.

Themes		Grades	Subjects
Myself and Family Animals and Plants Food and Shelter Water and Air Seasons and Festivals World and Universe Innovation and Technology	Nursery, KG I & II	7 THEMATIC BOOKLETS	
	GRADE I & II	ENGLISH – MATH – EVS – HINDI – COMPUTER SCIENCE	
	GRADE III, IV & V	ENGLISH – MATH – SCIENCE – HINDI – SOCIAL SCIENCE – COMPUTER SCIENCE	
	GRADE VI, VII & VIII	ENGLISH – MATH – HINDI – SCIENCE (PHYSICS, CHEMISTRY & BIOLOGY) – SOCIAL SCIENCE (HISTORY, GEOGRAPHY & CIVICS) – COMPUTER SCIENCE	

Kindergarten

We offer a holistic education that reflects the diverse and connected themes of the world. Each term, we focus on one theme that threads through all subject areas, including literature, mathematics, technology, and science.

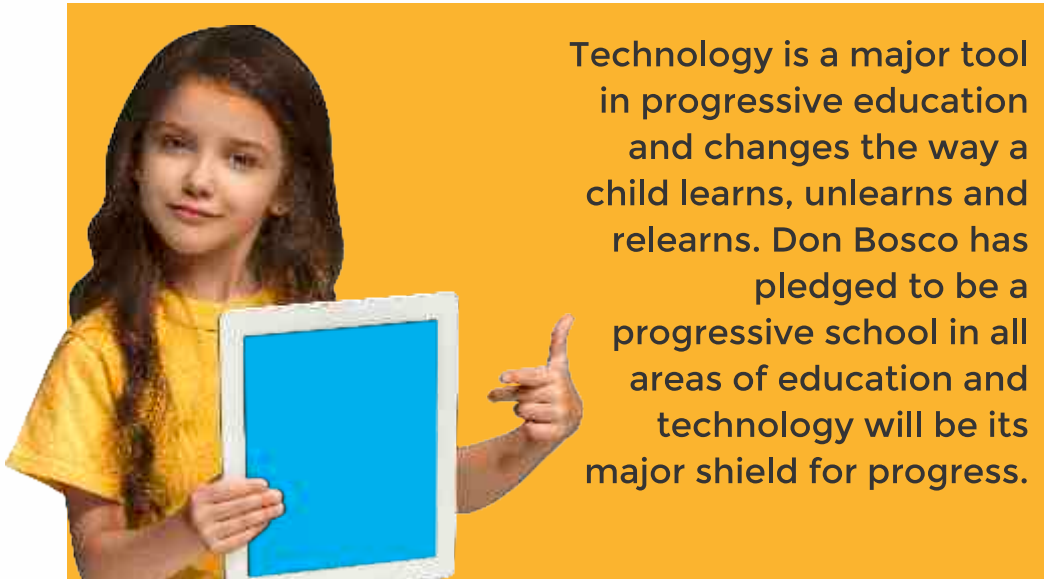

Learning through themes gives students an opportunity to see learning as a connected process that has application to real life. When a theme is central to learning for a given period, students explore it through several disciplines. Theme-based education is a perfect fit for small and multi-age classes. Teachers can assess the students' learning through a multitude of tools such as mind maps, tech projects, exploration of writing genres and experiments which form a dynamic portfolio around the theme being studied.

Junior (Foundation Years)

The Foundation Years has been developed focusing on 5 core areas of learning: Math, English, Hindi, Science and Social Studies. The other areas developed are Music and Life Skills. Both these areas will seek to integrate with the 5 core areas so that they support the core areas and become more meaningful to the learner. Use of technology both by the teacher and student has been emphasized throughout the curriculum, making it a forward-looking document, preparing and developing student thinking for the world of tomorrow. The curriculum aims to engage all students, while enthusing and challenging them.

E-school Methodology

Technology is a major tool in progressive education and changes the way a child learns, unlearns and relearns. Don Bosco has pledged to be a progressive school in all areas of education and technology will be its major shield for progress.

SMS alerts

We understand your concerns and that's why we alert you on the daily attendance of your ward right after the first bell rings. If your child is absent you will be alerted right away to keep mutually informed.

Digital Class

Technology tools are used to provide audio-visual explanation of subject areas in classes so that a child remembers as well as totally understands what he learns.

E-Campus

Don Bosco has partnered with as its technology partner in providing online access for parents with all the required details of their ward like attendance, performance and upcoming important schedules of school.

E-learning

The School provide many important content which can be used for reference by children to learn more about a topic aligned with text book. Personalized login will also be provided to students (on request) to learn class wise and subject wise each topic with animated e-contents.

Social Networking

We love Facebook, Twitter and any social network tools that your child uses. We see them as an opportunity to enhance learning and keep them connected to school. We use facebook page for posting updates on school, take opinion poll and educate moral values in our children.

Vehicle Tracking System

A progressive school will always think of parents as their major stakeholders and that's one reason why we have looked at schooling with your eyes. Know the location of your child's bus right on your smart phone at the click of a button through our smart Vehicle Tracking System.

Admissions

KG to Class VIII

"We believe that if a child does not learn, it is we who have not taught him well"

- Admission of the candidate will be considered subject to vacancies available in the class.
- For seeking admission, the child must be registered for admission & parents' counselling will be done. No interview or test of the child would be taken.

School Clubs

Life Club

Do you like to act, write or work backstage? Do u like facing the masses, debating and love personal grooming. This student-initiated group is for those who love perfection. Possible activities include competing in a one-act festival, youth parliament and other performance opportunities around school and in the area, and working backstage at an Overture Centre performance.

Socio Eco Club

The club seeks to create ways for each person to make a positive difference. Activities include recycling within the school and outing on Saturday mornings, where groups of students and faculty either plant vegetation or pick up trash at various parks and beaches.

School Transport

An excellent and escorted transport facility is available on scheduled route for day scholars. Approximate timing for each bus stop on various routes of our buses is given in the route chart. The routes and stops are ascertained on the basis of convenience of parents and their wards. They are subject to change from time to time on the basis of change in fuel prices.

The route plan is also included in Academic Planner for reference.

School Houses

The various houses within school encourage intra school competition and active participation by each student. These houses are named on various scientists in order to build curiosity and awareness in children. The house related planning is done in advance for the entire year and shared through co-scholastic calendar with students. Each house is also given a week wise responsibility matrix

Houses formed:

Newton

Nobel

Edison

Einstein

Social Initiatives@School

Nothing strengthens the judgment and quickens the conscience like individual responsibility. A society is a collection of all individuals. Just as many tiny drops become a great ocean, so the collective contribution of all individuals can make our society a place we will all want to belong to! Each individual must come forward to contribute either physically or monetarily towards society.

Charity begins at home. As it is very aptly said **"BE THE CHANGE YOU WANT TO SEE IN THE WORLD"**

Our community service program proposes to expose our students to a reality outside their own experience so that they may learn to cope with

unexpected difficulties and mature in the process.

DBHS encourages its students to play a constructive role in the community by being actively involved in initiatives like :

- Adopting a village / park
- Local Cleanliness
- Responsible Citizen
- Environment Awareness Campaigns

Live the dream

Play with Pride

BOSCO
SPORTS ACADEMY

First Multi Sports Academy of Town

Bosco Sports Academy has the distinction of being Siwan's first multi sport academy. It is committed to provide quality training for performance enhancement.

Our group of elite coaches are rightly qualified to groom school talent and focus on aspects that maximise performance. Because in sports, performance is the only key to attaining glory.

Our vision is crystal clear; Provide excellent and constant support, mentoring and ruthless training to students of any school for the following sports: Cricket | Lawn Tennis | Table Tennis | Skating

Bosco Sports Foundation sincerely understands the requirements and techniques needed to provide quality training to children. We are sensitive to the needs of children when it comes to playing a sport. And rest assured we are solely focused on giving equal opportunity and training for all kids. This remains our commitment and promise.

Bosco Sports Academy is highly focused in creating a difference in how sports training is delivered. We aim to have a positive impact in each student's sporting abilities, capabilities and their mental attitude by influencing a change that brings a sports revolution. Thus helping students develop their personality and achieve success in sports.

Motivate and encourage your children to take up a sport. And we assure you that it would be the best gift you could give as parents. Enroll your children to Bosco Sports Academy now and see your children live the dream!
